This office action is responsive to Terminal Disclaimer filed 07/19/2003.

Claims 1 – 20 are pending.

1. The terminal disclaimer filed on 07/19/2003 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US 6,622,748 has been reviewed and is accepted. The terminal disclaimer has been recorded.

2. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

The specification to which the oath or declaration is directed has not been adequately identified. See MPEP § 602.

It is noted that the oath/declaration filed 12/08/2003 refers to the instant application by the serial no. 10/643, 331 which is incorrect.

3. Claims 1 – 20 are allowed.
